

Produce a PCB

From IBF-Wiki

This article is part of an introduction tutorial called CrashCourse2
Download this article as PDF-File

Besides the means of milling the PCB by HPGL data or etching by Gerber data (File/Import/Export Formats/Production/(x)Gerber and drill output PCBout), please see menu "File/Price inquiry PCB production" for generating a couple of enquiries quickly. The layout specifications are automatically overtaken to a form and can be mailed to several PCB houses at a time...

Price Inquiry to PCB producers

PCB Inquiry

Dear Sirs,
Madam,

Please give me a quote for the following:

Solder stop mask: Double sided
Minimal track width: 0,20 mm
Minimal spacing:
Number of drill holes: 6 drills
Number of drill tools: 2
PCB Form: Standard form (4 corners)
Number: 1 pcs
Delivery time: 10 working days
File format: TARGET *.T3001
File: diode_e_sin.T3001

with kind regards:

My Name

Addressees (PCB producers)

- Beta-Layout GmbH
- CONRAD Leiterplattenservice
- CONTAG GmbH
- Holmann Leiterplatten GmbH
- IBR Ringle
- LeitOn GmbH
- M & V Leiterplattenvertriebs GmbH
- mos electronic GmbH

Continue: Gather and show data

A prototype (1 piece) of this project costs EUR 39,22 without position print. If you like it, fill in the form, enter your personal data and the credit card data and submit the form. A quicker solution offers the "NextDayDelivery"-Service. That means if you offer the projectfile before 9.00 am to PCB-Pool (R), your PCB is dispatched the next working day. This is a unique cooperation between TARGET 3001! and PCB-Pool (R). In case you're really in a hurry...
